Audio script:

Mia: Have you ever been in a tree house? Our tree house is really cool! It has two floors. To get to the first floor, you walk up some stairs. There's a railing around the first floor so children don't fall off. There are lots of children on the first floor now. Look! They're walking in a big circle around the trunk of the tree. The second floor of the tree house is only for big children. You must be seven years old to go to the second floor. To get to the second floor, you climb up a ladder. On the second level there is a room with four walls, a roof, a door and three windows. My friend Jenna is up there now. Can you see her? She's at the window. She's pulling up a basket on a rope. Look what I put in the basket – some magazines to read, some water to drink, and some crisps to eat! Now I'm going to climb up the ladder and go up to our tree house!

Jenna: Hey Mia! Come up here!

Mia: I'm coming!
