Part 2

Look at the picture and read the text about pigeons.

Put a circle around the correct answer.

The first one is done for you.

Pigeons are very clever birds. In ancient times, they were used to carry messages.

They can fly for short and long distances and they can fly at a very high speed. Pigeons can fly at 60 to 70 kilometres per hour. This is because they use their strong muscles for flying.

Also, they can hear very well. Their hearing is better than people's hearing. Pigeons eat fruit. There are over 300 different kinds of pigeons and they can be found all around the world.

There are no pigeons in really cold places like Antarctica or really hot places like the Sahara Desert.
