Unit : 10 ( How to take care of pet )

You have to work hard when you have a pet, and you must look after it. I love pets and I have a cat .I must give it clean water every day, and I must feed it every day. I should feed it meat and fish. These pets must eat meat to stay healthy. Also, it should have a safe place where it can sleep. I don't have to brush it because this pet cleans itself. This pet is often very active. It should have a place to exercise, such as a garden or yard, where it can run and climb . I should take to vet once a month. I check its teeth .I love my pet a lot

Unit : 11 Description of animal Sloths

The two-toed and three-toed sloths live in the rainforest of Costa Rica. They have got a thick, grey, furry coat and long, sharp claws and very tiny ears, so they don't hear very well. They have got a short, flat head but have got excellent eyesight and a good sense of smell. Sloths are herbivores but they don't eat a lot. They eat leaves, fruit and other plants very slowly with their small teeth. They spend most of their time hanging upside down in the trees sleeping! Even when they are awake they don't move! A sloth can sleep for 15 to 18 hours each day! They are also the slowest mammals on Earth. It takes them a month to move 1 kilometre
